# Welcome to Marymoor Park

While ancient customs such as fishing and gathering continue to this day at Marymoor Park, they are complemented by newer activities such as rock climbing and bicycling. Fronting on both the Sammamish River and Lake Sammamish, 642-acre Marymoor Park is one of King County's most active parks. At Marymoor, you can start a journey on major trails, play ball, fly a kite or model airplane, explore a historic museum, climb, bike the Velodrome, fish, hike, study the interlocking of nature, and more.

VIP Volunteer in Parks, the King County Park System program. Volunteers are stewards of public parks and work to conserve, protect and improve park areas.
