PRESIDING JUDGE KING COUNTY DISTRICT COURTS
KING COUNTY, STATE OF WASHINGTON

)	GENERAL ADMINISTRATIVE ORDER Number 90-1
)	Clerk's Action Required
)	Change of Venue for State and County Cases from Aukeen to Renton District

The Executive Committee of the King County District Court Judges has met and determined that the caseload at Aukeen District Court is such that they are unable to schedule cases for trial within the time requirements of the existing court rules. Weighted caseload statistics based on 1989 filings show a need for 3.87 judges in order to accommodate that caseload. Aukeen currently has only three judges. It has been necessary to operate four courtrooms daily approximately four days per week in order to accommodate this caseload. After approximately one year's experience in temporarily transferring judges to Aukeen to staff this fourth courtroom, the Presiding Judge has determined that this method of meeting the overload is inefficient. Therefore, pursuant to ARLJ 5 and in order to assure the expeditious and efficient handling of all cases and equal distribution of the workload among the several judges of the district:

NOW, THEREFORE, IT IS HEREBY ORDERED:

That within the Service District composed of Renton District Court and Aukeen District Court the judges by local order may change venue of criminal, criminal traffic and traffic cases between those districts as necessary for the ends of justice to see that cases are timely heard.

This order shall take effect immediately.

Done this 28 day of February 1990.

Presiding Judge, King County District Courts

PRESIDING JUDGE KING COUNTY DISTRICT COURTS
KING COUNTY, STATE OF WASHINGTON

	GENERAL ADMINISTRATIVE ORDER Number 90-3
	Clerk's Action Required
	Calendaring and Transportation of Jailed Defendants to Court

Numerous defendants are picked up and held in the King County Jail pending the scheduling of hearings in each of the District Courts. A courtroom is available in the King County Jail. The cost of transportation of prisoners to the District Courts has a significant impact upon the King County Annual Budget. In order to reduce or eliminate the necessity of transporting defendants to the District Courts, and in order to assure the expeditious and efficient handling of these cases;

NOW, THEREFORE, IT IS HEREBY ORDERED:

1. All defendants held in the King County Jail by virtue of an order, warrant or complaint from an outlying District Court shall be placed on the appropriate Seattle District Court jail calendar for a courtesy bail hearing. If the defendant is held on a State or County case, is in the Pre-Trial stage and the defendant is not released, venue shall be transferred to the Seattle District Court for all further proceedings.

2. All State and County defendants held in the King County Jail by virtue of an order or warrant from any District Court other than Seattle, who are in the Post-Trial or Post-Guilty Plea stage, shall be placed on a Revocation and Review Calendar that shall be heard by the Presiding Judge pursuant to the procedures set forth on the attached memorandum.

PRESIDING JUDGE KING COUNTY DISTRICT COURTS
KING COUNTY, STATE OF WASHINGTON

)	GENERAL ADMINISTRATIVE ORDER Number 90-4
)	Clerk's Action Required
)	Change of Calendaring for Contested Hearing Requests

Numerous defendants who request contested hearings on traffic infraction citations either do not understand the difference between a mitigation hearing and a contested hearing or change their minds after the initial written request has been made. In order to assure the expeditious and efficient handling of these cases:

NOW, THEREFORE, IT IS HEREBY ORDERED:

That effective immediately and until such time as a local rule is enacted to supplement and implement this procedure the following procedure shall be used for the scheduling of contested hearings on traffic infractions:

> A defendant charged with a traffic infraction who requests a hearing to contest the determination that a traffic infraction occurred shall first be scheduled to appear before a magistrate for a settlement conference. The settlement conference shall be held in the magistrate's department and should be scheduled within 45 days from the date written notice of the hearing is mailed unless waived by the defendant in writing. The settlement conference may be waived by the defendant in writing if received by the court prior to the time set for the settlement conference. The Presiding Judge or the magistrate may waive the settlement conference on his/her own motion. If the settlement conference is waived, the case will be set for a contested hearing. If the defendant fails to waive or appear at the settlement conference, a default judgment shall be entered.

3.1.3 File a sexual harassment complaint with the Presiding Judge of the King County District Court.

3.2 It is the obligation of a supervisor to work with any employee reporting any alleged sexual harassment, to consider options and assist in the investigation of such allegations.

3.3 The Presiding Judge, shall, upon the filing of a sexual harassment complaint, immediately request the Personnel Committee of King County District Court, to conduct an investigation of such complaint and to make a recommendation to the Presiding Judge upon the validity and disposition of such complaint. If the Presiding Judge, upon recommendation of the Personnel Committee, finds the complaint to be a violation of these policies, he or she shall present the complaint to the King County District Court Executive Committee for action.

3.5 The Executive Committee of the King County District Court, upon receiving a complaint of sexual harassment, from the Presiding Judge, shall take action to correct and terminate any violations of the policies herein set forth, and such action may include, transfer, sanction, reprimand, termination and/or in the case of a judicial officer, referral of the complaint to the Judicial Conduct Commission or the Chief Justice of the Washington State Supreme Court.

3.6 The procedures above set forth shall not limit the right of an employee to:

3.6.1 File a grievance if a member of a labor union.

3.6.2 File a complaint with a human/civil rights agency.

3.6.3 Consult with an attorney or file a civil law suit.

3.6.4 Seek any other remedy provided by law.

4.0 RESPONSIBILITIES

4.1 It is the responsibility of all supervisors to inform employees that sexual harassment will not be tolerated and is a major offense which may result in disciplinary action and that there are procedures that must be followed immediately if employees feel they have been sexually harassed.

4.2 It is the responsibility of all supervisors to take immediate and appropriate action upon learning of any violation of this policy and to give full cooperation when a complaint has been filed.

4.3 It shall be the responsibility of the Presiding Judge to keep all parties involved in a sexual harassment case informed of the procedures being followed and to monitor for retaliation against any person or persons involved in the filing or investigation of a sexual harassment complaint.

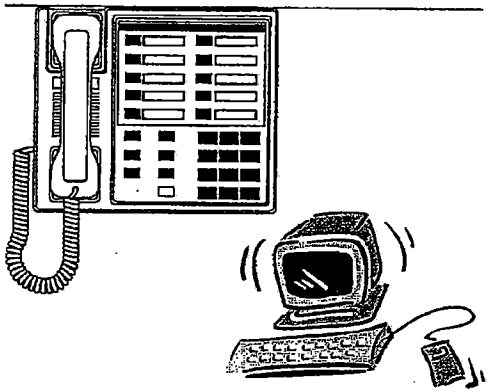
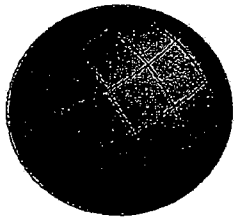
GUIDELINES FOR USE OF DISTRICT COURT EQUIPMENT





Guidelines for Use of District Court Equipment

Responsibility

You have been provided with a powerful tool to assist you in your daily job: a personal computer capable of accessing mail and the internet, phones, and fax machines. These tools assist in preparing forms, communicating with others and doing many of the daily jobs previously being done manually. Take care of these tools and use them wisely.

E-mail, the Internet and the telephone system may be accessed for personal use before and after work or on your lunch hour and breaks. If you are working on your own time, **do not** disturb others with your finds.

Only legally licensed software owned by the King County District Court can be used on District Court equipment. **Do not** bring software from home to use on the equipment.

More About E-mail...

E-mail is an effective and efficient communication tool. Users are ultimately responsible for their actions on the e-mail system. E-mail messages should show consideration and respect, and should not be intended to harm other people. The use of the network is a privilege, not a right, which may be temporarily revoked at any time for abusive conduct. Be professional and careful in what you say to others.

The fact that a user **can** perform a particular action does not imply that they **should** take that action. Follow correct procedures for corresponding with management and elected officials. For example: **don't** send a complaint to the County Executive or Council simply because you **can**.

E-mail is the property of King County; it is **not** private and may be periodically monitored. **Don't** send an E-mail message that you would not want broadcast to your supervisors or posted on a bulletin board. Mail can be forwarded to others without your knowledge or consent and your name will follow it. **Do not** send mail which may reflect negatively on the King County District Court or King County. Don't use a computer other than your regular workstation to send messages. Those messages would go out under someone else's name.

E-mail is business communication and should be written as such. Just as when writing a letter on Court letterhead, including a salutation and complimentary close helps make your message professional and courteous.

Check your e-mail messages daily.

Delete any unwanted messages immediately. Keeping the number of messages in your e-mail account to a minimum will make it easier for you to manage. Do not print personal messages and limit the printing of internal e-mail. The reason e-mail is extensively used is to save the costs of printing!

Mail is purged every 90 days. Purged messages cannot be retrieved by users. If you need to keep a message longer, save it on your hard drive or on a floppy disk. This will enable you to stay within your limited disk quota of 10 MB.

The maximum length of a message is 1 MB. Do not send messages larger than 1 MB via e-mail. There are other mechanisms to transfer large amounts of data.

Remember to always include a pertinent subject line on the messages you send. People will then be able to easily identify what your message is about and be able to locate it again later. Experienced e-mail users will use the subject line to prioritize when or if they want to read a message.

Make sure e-mail is the correct communications tool to reach your intended audience. It is not advisable to send disciplinary messages via e-mail.

If you receive junk mail, delete it. It is not appropriate to answer junk mail with replies such as, "Don't send this to me."

Don't send inappropriate mass mailings. Global messages are reserved for officially sanctioned King County publications only. Never "Reply All" to a message that was mass mailed.

Typing a message in ALL CAPITAL LETTERS indicates you are SHOUTING. ONLY use capital letters when trying to make a point (as in this example).

About Internet Use

Access to the Internet is provided by King County government. Internet workstations have been provided at each division. The Internet (including Internet E-Mail) may be accessed for personal use during non-working hours as authorized by your supervisors. When accessing the Internet on your own time, **do not** disturb others with your "finds". Printing of personal data is prohibited.

The fact that you **can** go anywhere on the Internet does not mean you **should** go there. Tools are in place both at the county level as well as on individual PC's to monitor what Internet sites have been

defendants. John King, DOC, is in charge of the program. During discussion several judges stated they would be more likely to release defendants if they knew they would be supervised. Judge Cayce said he will meet again next week with other people interested in the project. He will report back to the Executive Committee if this is something that looks viable.

Item #6: FTA for Commitments (*Tabled from September meeting.*)

- Judge Rindal handed out copies of relevant statutes and case law (*attached*). Discussion centered on problems that include a lack of communication on procedures between the jail staff, pro tem judges, or other judges who release the defendants; whether commitments must be reissued and, if not, whether the jail releases them if a second commitment notice is not sent; and, whether warrants should be issued "no bail." Trish mentioned procedures when a defendant is booked into the RJC jail seem to be working well. The RJC clerk calls the division to ask if the Court wants the days served, and verifies conditions of commitment.

Judge Leverette moved to have Judge Cayce issue a policy statement that when someone is picked up on a bench warrant for failure to appear, Pro Tems and Judges hearing the calendars should not release them until they have served their time.

Judge Nault seconded the motion, and the *motion carried.*

It was suggested that current warrant staff and jail staff procedures and policies for FTA commitments be obtained. Judge Cayce said he would discuss this with the jail staff.

Item #5: Bench Warrant Flagging System *(Tabled from September meeting.)*

Judge Leverette moved that the Bench Warrant Flagging System issue be tabled until Judge Benton can be present.

Passport Agency Pilot Project -

This item had been tabled due to a legal concern over whether or not District Court could do this. Judge Cayce spoke to Tom Kuffel who says there is no statute specifying whether or not we can do this, so it is Tom's opinion we can do so if we choose. Judge Cayce stated there is still some question regarding the revenue coming to the Court, and we will need to work out an agreement with the County. It was suggested an agreement be reached before we expend clerk time in setting up this project.

The judges expressed their support of the project but recommended Judge Cayce discuss it first with Executive Sims before we announce implementation. There was agreement the pilot should start in Shoreline and Federal Way divisions. Trish announced that the City of Seattle has already implemented passport acceptance agencies in some community centers around town.

> **Judge Nault moved to adopt the proposed Passport Agency Pilot Project, and although not contingent upon getting the money back, the Court should continue looking into an agreement whereby District Court will be credited with the revenue. Judge Wacker 2nd and the motion carried.**

ITEM #8: BENCH WARRANT FLAGGING SYSTEM

Judge Cayce advised this is actually a Seattle Division issue. The Executive Committee requested it be taken off the agenda as it was the general feeling Seattle can work on this issue internally.

ITEM #1: PRESIDING JUDGE REPORT continued

Feasibility Study of Pre-Trial Misdemeanant on Supervised Release -

Judge Cayce had previously expressed interest in the feasibility of placing pre trial misdemeanants on the Supervised Release program. He reported that the Department of Adult Detention has now performed a study on a group comprised of pre trial misdemeanants from second appearance calendars who did not enter a plea and therefore, would be scheduled for trial. The results of this study, however, show the numbers do not support pursuing this idea any further as less than 5% of the defendants studied met the Supervised Release criteria.

Variations in Competency Evaluation Charges -

Judge Cayce advised it has come to his attention there is quite a variation in the dollar amount charged by evaluators for mental health evaluations. It appears the evaluators are charging whatever they see is listed as the maximum in the Order. The divisions should be aware of this and it was felt that the charges should be consistent. **The judges agreed, and it was the consensus that the Court issue a policy stating competency evaluations are limited to a $350 maximum unless special circumstances warrant a higher amount.** Judge Cayce will issue an administrative order, and a memo will be sent out to the divisions. It was also recommended the administrators watch for double-billings by evaluators as they have a tendency not to submit their charges in a timely manner.

Re: Contract Between King County District Court
Probation Division and Washington State Department of Corrections

Dear Judge Bridge:

As you know, effective April 21, 1998, the King County District Court Probation Division, pursuant to King County Motion No. 10371 started supervising newly sentenced King County Superior Court gross misdemeanant offenders.

In supervising the above-referenced offenders, a request that frequently comes up that is not included in the prescribed conditions of the court is the permission to leave the state for a short period of time for various reasons. Additionally, I have enclosed the Department of Corrections' policy which allows an offender to leave the state for up to 31 days on a short term basis.

Because of liability concerns, however, King County District Court does not allow its probation officers to unilaterally set any condition for supervision purposes which has not been authorized by the court. I'm, therefore, requesting that Superior Court issue an order authorizing the King County District Probation Division to allow a Superior Court gross misdemeanor offender to leave the state on a temporary basis for up to 31 days for employment, vacation or family illness purposes.

Thank you for considering this request and please call me if you have any questions.

Sincerely,

William D. Cobb

KING COUNTY DISTRICT COURT
KING COUNTY, STATE OF WASHINGTON
OFFICE OF THE PRESIDING JUDGE

In Re Administrative and Judicial Recognizance Release of Persons Held by the King County Department of Adult Detention Prior to Preliminary Appearance or the Filing of Formal Criminal Charges, Defendant,	)	GENERAL ADMINISTRATIVE ORDER Clerk's Action Required **No. 98-66** **General Order Authorizing Implementation of Misdemeanor Administrative Recognizance Release Program**

The Office of the Presiding Judge, in consultation with the King County Department of Adult Detention and the King County Prosecuting Attorney, having determined that the King County District Court should assume jurisdiction over setting procedures for administrative and/or Judicial release of persons arrested by law enforcement agencies and held in a King County Department of Adult Detention Facility without a warrant or formal criminal charge; and having reviewed the Department of Adult Detention Guidelines for Misdemeanant Personal Recognizance release; and having determined that:

A. The proposal is both a reasonable and necessary balance between the rights of individuals arrested on probable cause for investigation of certain felony or misdemeanor offenses in the non-violent category, the rights of arresting police agencies in the exercise of their duties and the right of the public to be protected;

B. That the Presiding Judge has the authority pursuant to CrRLJ 3.2(a) to authorize procedures, both judicial and administrative, for the release of prisoners held without charge by the King County Department of Adult Detention during non-judicial hours prior to preliminary appearance;

C. That the Executive Committee of the King County District Court has adopted this Program;

D. That population pressure in the inmate population of the King County Department of Adult Detention is an additional important factor in implementing this proposal;

NOW THEREFORE IT IS HEREBY ORDERED:

1. The Director of the King County Department of Adult Detention through the Court Services Unit shall be authorized to conduct the Misdemeanor Administrative Release Program in conformance with Attachment A which contains operating procedural guidelines for that Program;
2. The Program shall only affect the custody status of persons who have not appeared before a judge and who are held without bail on investigative holds;
3. The Director of the Department of Adult Detention shall be responsible for the proper administration and execution of this Order, for screening and training of those persons given authority to release arrested persons in conformity with this Order, and for providing direct supervision within the Department for those authorized person;

   No person shall be released from a King County Department of Adult Detention Facility under the authority of this Program who does not strictly meet the Program's guidelines and who has not been completely processed for records and identification purposes (fingerprinting and photographing);
4. This Program shall not prevent or restrict the arresting agency from releasing any person it has caused to be detained on an investigation hold;

5. The arresting agency at the time of booking a person for investigation of any crime shall complete in as much detail as possible either a Suspect Information Sheet (Superform) or the Arresting Agency Detainee Information Sheet (AADIS) for the Department of Adult Detention's records;
6. Any attorney or other person seeking to obtain the release or to have conditions of release set for a person held on an investigative booking prior to the preliminary appearance calendar during non-judicial hours or days shall initially obtain an evaluation from the Court Services Section. The Court Services Section shall determine whether the arrested person is eligible for administrative release or referral to the appropriate judge for judicial determination if administrative release is not authorized. During the weekend, or any part thereof as determined by the Presiding Judge, the Presiding Judge shall consider conditions of release on investigative holds for arrested persons ineligible for administrative release. If the Presiding Judge is not available, the Acting Presiding Judge shall serve instead. In the event that the Presiding Judge and the Acting Presiding Judge are unavailable, then any judge of the Court may serve instead. During weekdays, only the designated Judicial Officer responsible for that day's preliminary appearance calendar for the detention facility in which the arrested person is being held shall consider conditions of release on investigative holds for arrested persons ineligible for administrative release. If the designated Judicial Officer is unavailable, then the Presiding Judge shall consider such conditions. If the Presiding Judge is unavailable, then the Acting Presiding Judge shall consider such conditions. If neither the Presiding Judge nor the Acting Presiding Judge is available, then any Judge of the Court may consider such conditions.
7. Court Services shall be responsible for notifying the Prosecuting Attorney or the arresting agency of any referral for judicial release of an arrested person who is not eligible for administrative release when the arresting agency has indicated an objection to that person's release;
8. This Court shall retain jurisdiction to amend or rescind this Order as may become necessary to either expand or restrict this program in the future, depending for the most part on the available adult detention resources to supervise the program and the inmate population.
9. This Order shall be effective immediately.
10. The Court Clerk shall file this Order under the above-entitled administrative file in a manner which will make it accessible for court review and public inspection.

DONE this 9th day of Dec., 1998.

PROCEDURE/DESCRIPTION SUB-SECTIONS

1. Misdemeanant release criteria.
2. Determines which misdemeanor bookings to interview.
3. Completes appropriate record checks.
4. Conducts interview.
5. Verifies interview information.
6. Assesses Danger for Non DV Charges.
7. Assesses Danger and the need for a NCO for new domestic violence charges.
8. Raises bail in certain domestic violence cases.
9. Makes a release determination in Non DV cases.
10. Makes an NCO/Release determination in Domestic Violence cases.
11. Completes PR, NCO and interview data.

12.PROCEDURE/DESCRIPTION

1. **Misdemeanor Release Criteria**

General Criteria (for most traffic/criminal matters)

Release authority is established by individual courts although most choose to adopt a "standard criteria" that allows release for persons booked on:

- most new offenses
- warrants that are not marked "No PR, Cash Only or No Bail"

Detailed criteria by individual court is listed in Appendix H.

Domestic Violence

Except as noted in the DV Release Procedures (Appendix I) screeners **do not have authority** to release persons booked for Assault 4 DV, Violations of a NCO, Protection Order or Anti-Harassment Order without judicial approval.

PROCEDURE/DESCRIPTION

2. Determines Which Misdemeanants to Interview:

a) Checks BBI and notes the court in which the detainee is booked. If the court is listed in Appendix A an interview is needed.

b) Notes the TOW code on the BII to determine if the charge is a warrant or a new charge. See Appendix B for a listing of TOW codes.

c) Checks the citation or copy of warrant in the defendant's booking packed to confirm that the information on the BII is consistent with the documentation in the booking packet.

1) A citation or superform should be left at the jail for all persons booked on charges filed in King County District Court and for some municipal charges that have been filed as "state" charges, i.e., those filed under a state RCW as opposed to a municipal ordinance.

> ***NOTE:*** Citations for persons booked by City police departments (i.e., City of Bellevue, City of Redmond, etc.) are generally not left at the jail, although a copy should be in the booking packet.

2) If the packet contains a warrant the screener notes, if indicated, the reason for issuance i.e., FTA/Arraignment, FTA/Trial, FTA/Hearing. The screener further notes if the warrant has any specific notations such as "Cash Only" or "No PR".

> ***NOTE:*** If the warrant was issued by a Municipal Court System there may be a teletype in the packet rather than a copy of the warrant. If so, it may be necessary to call the specific police department to determine if there are notations on the warrant that would preclude release consideration.

d) Marks "NO PR" on packets of detainees who will not be interviewed so that they may be moved out of the ITR area.

> ***NOTE***: If there is a significant backlog of persons who need to be seen priority should be given to those who are potentially releasable so that they can be released directly from ITR.

e) Marks the booking packet "No PR" when no interview is being done or after it has been determined that a person is not eligible for release.

PROCEDURE / DESCRIPTION

3. Completes appropriate record checks.

Certain record checks (booking history, PROMIS and, when appropriate, juvenile) are made for each defendant - depending upon personal preference and time availability they may be run before or after the interview. See Appendix C for computer codes.

a) A condensed version of the booking history is obtained via the JKJQR (immediately followed by CCN) inquiry. The total number of bookings and warrants plus a brief narrative summary of the booking history are listed in the prior record section of the PTM report.

> ***NOTE**: If the defendant has been interviewed within the past 30 days a new interview may not be needed unless there is an indication that there has been a change in circumstances or the person is booked on a new offense. If a new interview is not completed PTM records must be updated by entering the new BA# and custody status via the PTAN screen. Given that previous comments do not come forward it will also be necessary to add them.

b) PROMIS (Prosecutor's records) are checked by using the MENU inquiry. All convictions should be listed in the prior record section of the PTM report.

c) A juvenile history (if appropriate) can be obtained via SCOMIS. Information obtained from this system should also be listed in the PTM report.

> ***NOTE**: See Appendix for a complete listing and description of computer inquiries.

PROCEDURE / DESCRIPTION

4. Conducts Interview

a) Locate detainee and, if necessary, ask officer to open holding cell.

> ***NOTE**: The Sergeant and his/her officers are responsible for the safe operation of the facility. If a screener is asked to leave the area or disallowed access to a detainee the screener must abide by the decision of the officer. If there appears to have been improper use of this authority the issue may be brought to the attention of supervisory staff.

b) Escorts detainee to one of the designated interview areas.

c) Introduces self and explains the purpose of the interview (to determine eligibility for release or to provide information to the court which is used to make a release determination).

d) Utilizes a question and answer format. Asks for specific information and avoids asking leading questions.

- INCORRECT - "Have you lived here a long time?"
- CORRECT - "How long have you live in King County?"

e) Obtains at least two references, preferably ones that may tend to provide more objective information such as an apartment manager, landlord, etc.

f) Assesses the person's viewpoint about the allegations by asking non-incriminating questions such as:

1) What does the arresting officer say that you did?
2) Were you alone or with others?
3) Where were you arrested?
4) Are there allegations of injuries to any one?
5) Does the arresting officer say that a weapon was involved?
6) Do you know the alleged victim? If so, what is/has been the nature of the relationship? Have there been prior problems/incidents involving the same victim?
7) Were drugs or alcohol involved in this incident? If so, in what way?

NOTE: These types of questions are generally more relevant for persons arrested for new offenses rather than warrants.

Domestic Violence charges require an assessment of the need for a No Contact Order (NCO) when a person is released prior to making a court appearance. the following questions may be useful in making that assessment.

1) Who was allegedly assaulted?
2) Has there been any violence between the two of you in the past? Any pushing, shoving, slapping?
3) Are there allegations of any injuries? Did anyone receive any medical attention?
4) Will the arresting officer say that alcohol or drugs were involved in any way?
5) If it is determined that a No Contact Order is necessary do you have an alternate living situation?
6) How do you feel about the possibility that a No Contact Order may be issued?

g) Stops the person immediately if he/she begins to confess guilt or complicity in the alleged offense. This is not privileged information and screeners can be subpoenaed to testify in court.

h) Explains court procedures and when the detainee can expect to make his/her first court appearance:

i) Returns the detainee to holding/waiting area.

PROCEDURE/DESCRIPTION

5. Verifies Interview Information

a) Contacts references - detainees usually have access to phones prior to the interview and screeners should be aware that references may have been "coached". When calling screener identifies him/her self and explains the purpose of the call; i.e., to verify information provided by who is currently in custody.

b) Assesses the credibility of the reference and verifies information by asking questions such as:

1. What is the relationship between yourself and ____?
2. How long have you known him/her?
3. How often to you see or talk to _____ ?
4. Where does _____ live? What is the address?
5. Does _____ stay there on a steady basis or is it on and off? Any idea where stays when not there? Does have a secure mailing address? How often does he/she pick up the mail? or
6. How long has lived at that address?
7. How does _____ support him/herself? How long has he/she had that job or source of income?
8. As far as you know has _____ had any prior involvement with the criminal justice system?
9. In your opinion would _____ be reliable about making court appearances?
10. Have you ever considered _____ to have a drug, alcohol or mental health problems?

NOTE: An outside party may be told the charge(s) for which a person is booked but not details pertaining to the allegations until they become a matter of public record. Criminal record information may not be provided to anyone.

c) Raises discrepancies which may occur between information provided by the detainee and the reference, i.e., Do you have any idea why would tell me he lives with his mother?

d) May utilize the Cole (reverse) Directory to confirm or obtain addresses and phone number(s).

PROCEDURE/DESCRIPTION

6. Assesses Danger in Non-DV Charges

a) Determines the identity of the alleged victim. It is important to remember that there are often victims in offenses that may appear to be non-victim or property related. The screener:

1) Reviews arrest report (citation or superform) to obtain information about incident and possible victim(s).

2) Asks about the allegations and attempts to clarify the relationship between the detainee and victim, i.e., are they friends, neighbors, strangers. Screener may also attempt to obtain name of victim and/or phone number from detainee (if it is not available via arrest reports) if victim contact is needed.

b) Contacts the alleged victim to determine if that person has concerns for his/her safety should the detainee be released. Considers victim concerns when determining release eligibility and in comments on interview. When the victim is not known or cannot be contacted the PR screener must rely upon arrest report, prior records, reference comments and other relevant data (mental health, substance abuse, attitude, demeanor, remarks, etc.) to assess possible danger.

PROCEDURE/DESCRIPTION

7. Assesses Danger and the need for a No Contact Order for new Domestic Violence charges.

a) Determines the identity of the alleged victim (see procedure 6 and DV definition) via arrest report.

b) Contacts the victim and asks questions such as:

1. Can you tell me a little about what happened? Were you injured? Did you need medical attention?
2. Has anything like this ever happened in the past?
3. Have you ever called the police before or wanted to call the police?
4. Is this complaint drug or alcohol related?
5. Do you think there is a drug, alcohol, mental health or anger management problem?
6. Is welcome back in the home at this point?
7. If got released and a NCO was issued do you think that he/she would abide by it?
8. Does have another place to stay if he/she is released?
9. Would you be afraid for your safety if got released?

c) Instruct the victim to contact the appropriate victim advocate and provide other resource information as dictated by the situation.

d) Speak to the victim's parent or guardian if victim is a minor and unable to speak for him/herself.

e) Enter victim input on the interview unless they express concern about the possibility of the information going to the defendant. Confidential information can be related to the judge via a separate, supplemental report addressed specifically to the judge and brought to the attention of the court technician. Sensitivity to the victim's fears and concerns is essential.

PROCEDURES/DESCRIPTION

8. <u>Raises bail in certain Domestic Violence cases</u>.

a) Considers raising bail on a new DV charge if:

1. The victim is in extreme fear for his/her safety and does not think the detainee will abide by a NCO.

2. The detainee has allegedly made threats to kill or otherwise harm the victim.

3. The detainee has a history of assaultive behavior towards the victim.

4. The arresting officers express concern for the safety of the victim.

5. The detainee was openly hostile towards the victim during the interview and there is a strong likelihood that the detainee will be able to post bail.

b) Raises bail by:

1. Contacting the presiding judge or acting presiding judge to provide information relevant to the request to raise bail.

2. A recommendation regarding the bail amount may be made if the screener has information relating to how much the detainee might be able to post. A cash only amount means that the detainee would have to post the entire bail amount in cash.

c) Enters into PTM which judge was contacted, the time of contact and the result of the request.

1. If bail is raised the screener completes the Bail raise authorization form and provides it to a booking officer who will change the bail and place the copy in the booking packet. The original of the form should be attached to a copy of the interview and the original citation or superform.

2. If the judge has made any further stipulations these should be noted on the interview.

PROCEDURE/DESCRIPTION

9. <u>Makes a release determination in Non DV charges.</u>

a) Denies a PR release if:

1. The detainee has no living or mailing address or the address cannot be verified.
2. The detainee has few or no area ties and/or references do not feel that he/she would be reliable about court appearances.
3. The victim expresses fear for his/her safety if detainee is released or past booking history indicates an ongoing problem with assaultive/problematic behavior or arrests for similar charges.
4. The victim cannot be contacted and his/her input is crucial in making a release determination.
5. Record checks indicate numerous FTA's and/or non-compliance and/or ongoing arrests.

b) Issues a PR release or recommends release if:

1. A living address has been verified.
2. Community ties have been established and references are generally supportive of detainees reliability.
3. There are no concerns for the safety of a victim and no indication that there is likely to be problems.
4. The detainee has limited or no booking/FTA history.
5. The detainees identity has been established.

c) Makes a recommendation to the court about release if release is denied or the person interviewed is held on a non releasable matter.

PROCEDURE/DESCRIPTION

10. Makes a NCO determination in Domestic Violence Cases

a) Does not issue a NCO when:
- the victim expresses no concerns for his/her safety
- the defendant has no prior history of assaultive behavior
- the screener has no reason to believe the victim has been coerced into giving favorable responses
- the defendant has not done or said anything that would indicate a potential threat to the victim

b) Issues a NCO when
- the victim does not want contact with the defendant
- the screener believes a NCO is in the best interest of the victim

  The defendant should have a verified, alternate living situation and the screener should have no reason to believe that the defendant will not abide by the order.

c) Instructs the victim to contact the appropriate victim advocate and provides other resource information as need dictates.

PROCEDURE/DESCRIPTION

11. **Completes NCO and Interview**

a) Issues NCO when defendant is released prior to initial court appearance:

1) Completes the NCO setting the proper court date and time (See Appendices H and I).

2) Enters this date and time in the release section of the PTM interview.

3) Writes in applicable conditions on the NCO.

4) Obtains the detainee's signature, gives him/her a copy of the NCO and explains court obligations.

5) Signs off on booking packet.

6) Faxes a copy of the NCO and hard copy (from booking packet) to the King County Data. See Appendix H.

7) Distributes paperwork according to Appendix E

b. Does not issue a NCO when defendant is released:

1) Same as above except may complete a release agreement rather than a NCO (See Appendices H and I)

2) Writes "NCO Not Necessary" in the upper left corner of the release agreement. When a court date is provided upon receipt of bail or bond this should be indicated on the release agreement.

3) Signs off on booking packet.

c. Completes DV data on interview form

1) Makes sure the victim's name, date of birth, address and phone number have been entered in the victim area.

2) Adds other victim information (comments, concerns, etc.) as appropriate.

FINDINGS:

1. Citizens throughout the State have become increasingly concerned about the numbers and seriousness of outstanding misdemeanor arrest warrants presently on line, many of which originate in various Divisions of the King County District Court; and

2. Pursuant to SHB 2499 and RCW 3.66.060, as amended, authorize any judge of a court of limited jurisdiction to "take recognizance, approve bail, and arraign defendants held within its jurisdiction on warrants issued by other courts of limited jurisdiction when those courts are participating in the program established under section 1 of that act; and

3. It is the desire of the Judges of the various Divisions of the King County District Court to handle outstanding warrants currently on line in the various Divisions of this Court, both to assist in the development of a comprehensive Driving While Suspended Re-Licensing program, and to assist in the orderly administration of justice within the King County District Court.

4. Prepartory to the establishment of an Interlocal Agreement authorizing action between this Court and other Courts of Limited Jurisdiction, this General Administrative Order is intended to authorize Judges of any Division of the King County District Court to act to handle any outstanding warrant issued by any Division of this Court.

GENERAL ADMINISTRATIVE ORDER:

NOW, THEREFORE, IT IS HEREBY ORDERED, ADJUDGED AND DECREED as follows:

1. Any Judicial Officer acting on behalf of the King County District Court shall have the discretion to hear and take cognizance, approve bail, and arraign any defendant held within its jurisdiction on any warrant issued by any Division of the King County District Court in accordance with the rules and procedures set forth herein.

2. BAIL HEARING: In any case in which a Judicial Officer shall exercise discretion to review an outstanding warrant issued in any Division of the King County District Court, the Judicial Officer may entertain a motion to quash the outstanding warrant, and, as part of such motion, may:

a. Quash the outstanding warrant and order the defendant to appear at the issuing court within fourteen days following rescission of the warrant to secure a new court date, such release being made on such terms and conditions as the Judicial Officer hearing the motion may, in his/her discretion, impose. It is understood that the Judicial Officer or clerk of the court hearing such motion will ensure that the defendant's address is verified and is immediately forwarded to the issuing Court for future notices;

b. Reduce the bond required to be posted to secure release under the warrant, and to collect the bond and transmit same to the issuing Court. As part of that process, initiate steps to ensure that the outstanding warrant is recalled or quashed.

c. Order the defendant taken into custody. In such event, the issuing court shall be notified immediately that a defendant has been taken into custody on their outstanding warrant, so that further proceedings can be scheduled at the issuing court without delay.

3. ARRAIGNMENT: In any case in which a Judicial Officer of the King County District Court shall exercise discretion to review an outstanding warrant, the Judicial Officer may, in his/her discretion, entertain a motion to arraign such defendant, and, as part of such arraignment, may:

a. Arraign the defendant on the pending charge, including the entry of a plea of guilty or not guilty.

b. In the event a plea of "not guilty" is entered, the Court may direct the defendant to appear at the issuing court within fourteen days to arrange for an appearance date for the next court hearing at that court, and may impose such terms and conditions of release as it may, in its discretion, deem advisable.

c. In the event a plea of "guilty" is entered, the Court may either enter a sentence on plea of guilty, or may direct the defendant to appear at the issuing Court within fourteen days to arrange for an appearance date for the next hearing in that court, and may impose such terms and conditions of release as it may, in its discretion, deem advisable. In the event the Judicial Officer elects to enter sentence immediately, such sentence may include jail, fines, probation including conditions of probation (treatment, no contact, etc.). In such event, the sentencing Judicial Officer shall direct the transmittal of a copy of the sentence order to the warrant issuing court. The warrant issuing court shall thereafter be empowered, in its discretion, to lessen the amount of jail, the amount of fine, or modify the conditions of sentence.

IT IS HEREBY ORDERED that effective immediately King County District Court delegates personal recognizance release authority to the King County Department of Adult and Juvenile Detention Pre-Trial Screeners per the attached "DAJD Personal Recognizance Release – Misdemeanant Procedures for King County District Bookings" for all bookings associated with misdemeanor charges and all warrants issued by King County District Court.

GAO No. 98-66 is hereby rescinded.

Dated this 17th day of May, 2002.

J. Wesley Saint Clair, Presiding Judge
King County District Court

Department of Adult and Juvenile Detention (DAJD)

Personal Recognizance Release – Misdemeanant Procedures for King County District Court Bookings

1. Purpose

Establish the criteria and procedures used by DAJD pre-trial screeners to process defendants booked on misdemeanor and gross misdemeanor charges which may filed with King County District Court and on all warrants issued by the Court, for release or a release/hold recommendation.

2. Key Words and Definitions

Personal Recognizance Release: A type of release that is based on the defendant's promise to appear. A PR release eliminates the need to post bail to obtain release.

Pre-trial Screener (also known as PR Investigator): A job classification within the Department of Adult and Juvenile Detention. Pre-trial screeners interview defendants to obtain information that is used to make release decisions and recommendations.

Domestic Violence (DV): (a) Physical harm, bodily injury, assault, or the infliction of fear of imminent physical harm, bodily injury or assault between family or household members; or (b) sexual assault of one family or household member or another.

Family or Household Members: Spouses, former spouses, persons who have a child in common regardless of whether they have been married or have lived together at any time; adult persons related by blood or marriage; adult persons who are presently residing together or who have resided together in the past; persons sixteen years of age or older who are presently residing together or who have resided together in the past and who have or have had a dating relationship; persons sixteen years of age or older with whom a respondent sixteen years of age or older has, or has had, a dating relationship and persons who have a biological or legal parent-child relationship, including stepparents and stepchildren and grandparents and grandchildren.

No Contact Order: An order forbidding any type of contact between a detainee and an alleged victim, typically issued in a Domestic Violence case.

AFIS: Automated Fingerprint Identification System

PROMIS: Prosecutor's data management system

Booking History: Listing of current and historical booking which is obtained via inquiry to the DAJD booking system (SIP).

JIS: Judicial Information Systems

WASIS: Washington State Identification and Criminal History Section

NCIC: National Crime Information Center – NCIC III (Interstate Identification Index) is the name of the database that stores criminal history information.

3. POLICIES

Pre-trial Screeners shall:

- Interview eligible defendants who have been booked on new charges which may be filed in King County District Court and on warrants issued by the Court.
- Release eligible defendants on their own recognizance utilizing criteria established by the Court.
- Provide a written report to the Court with a release recommendation for defendants who were not released by a pre-trial screener.
- In certain circumstances seek judicial approval for bail and the issuance of a temporary NCO for defendants who are booked on domestic violence charges.

4. Criteria for Determining Which Misdemeanants Can Be Considered For Release

Pre-Trial Screeners may consider releasing:

- Defendants booked on direct bookings, except for domestic violence-related charges.

  **Note: Judicial approval must be obtained in order to release any DV booking in advance of their initial court appearance – see Section 6 for DV criteria.*

- Defendants booked on any misdemeanor warrant with a bail amount that is less than $5,000 cash.

Screeners may not release:

- Defendants booked for domestic violence-related charges listed in RCW 10.99.020 or a similar city ordinance (for those cities that contract with KC District Court) without judicial approval.

- Defendants booked on any warrant with a bail amount that is $5,000 cash or greater.

5. Release Criteria

For defendants who may be considered for release, the following guidelines should be used:

Issue a PR Release if:

- Identity has been verified

- A residential address (mailing address or street address) is verified.

- Local ties have been verified.

- Input from references is positive.

- Favorable appearance/compliance history.

  **Note: the number of FTAs may not be as significant as the pattern of FTAs. Ongoing FTAs in general or repeated FTAs on a specific case would indicate a continuing pattern of irresponsibility. Intermittent or previous (when there has been a lapse in time) FTAs might suggest a more responsible attitude at the present time.*

- Defendant does not appear to be a risk to the particular victim.

- There are no holds that preclude release or indicate that the defendant may not be able to meet court obligations.

Deny a PR Release if:

- Identity cannot be verified
- Inability to obtain or verify any residential address.
- Defendant appears to be transient.
- Unfavorable/negative input from references or veracity of reference is in question.
- Limited or no local ties.

  **Note: The lack of ties to the immediate vicinity would not necessarily preclude release if the defendant is well-established elsewhere and meets other criteria.*

- Ongoing history of FTAs and/or non-compliance.
- Repeated FTAs on matter for which defendant is in custody.
- Safety risk to the particular victim is indicated.

6. Confirmation of the above factors may be achieved in the following manner:

Identity:

- Established by either law enforcement agency or AFIS.

Address:

- Verified by contact with personal references or via other sources that may include landlord, employer, documentation in personal property, directories, prior interviews, community resources, other criminal justice agencies, public records.

Ties to the community:

- Confirmed by contact with personal references or via other sources that may include landlord, employer, documentation in personal property, directories, prior interviews, community resources, other criminal justice agencies, public records.

Probability of making court appearances:

- Determined via record checks, which will consistently include PROMIS, DAJD booking history and JIS. Depending upon circumstances and system availability additional checks may include WASIS and NCIC III. Input from references will also be considered.

Risk to specific victim:

- Determined based on interview with defendant, contact with victim and/or references, review of police reports and evaluation of prior records.

7. Domestic Violence Bookings.

Anyone arrested and booked for a domestic violence offense will be held without bail until the person appears before a judge.

In unusual circumstances an arresting officer or pre-trial screener may contact a judge by telephone to request the setting of bail prior to the detainee's first appearance. Circumstances that warrant judicial review prior to the first court appearance may include:

- The detainee has a health-related problem that requires immediate attention

- Both parents/guardians have been arrested and there is no one available to care for minor children.

For state cases, the pre-trial screener should contact the judge who is currently assigned to the domestic violence court for the geographic area where the offense occurred. A list of currently assigned judges is provided to the jail. If the appropriate judge is not available, contact another judge within that division of the District Court. If none of those judges are available, contact any District Court judge. For city cases, where the municipality contracts with King County District Court for court services, contact any judge in the District Court division where the city is located. A listing of those judges is provided to the jail. The following information should be provided to the judge:

- Case information, including the probable cause statement.
- Criminal history including any record of FTAs or non-compliance.
- General information about defendant.
- Recommendation regarding bail amount including an indication of how much the detainee might be able to post. A cash only amount means that the detainee would have to post the entire bail amount in cash.
- Recommendation regarding the need for a temporary NCO.

- Detainee's alternate living arrangements if he/she lives with the alleged victim.

Should the District Court judge authorize bail or a PR release, the judge will direct the pre-trial screener regarding which paperwork to complete from the following list:

- Bail authorization form
- PR release agreement
- Temporary No Contact Order

If the detainee is released prior to first court appearance on personal recognizance or posts bail, the pre-trial screener shall attempt to advise the alleged victim of that fact and whether a temporary NCO has been issued by a judge.

A complete copy of all the paperwork shall be immediately sent, via facsimile, to the appropriate division of the Court

)	**Judge-Supervised Probation:**
)	**King County District Court Monitoring Standards (Replaces GAO No. 97.61 and Rescinds Existing Probation Policy Manual)**

IT IS HEREBY ORDERED that probation officers assigned to probation cases under the supervision of the probationer's sentencing judge, shall monitor compliance with probation conditions as the court directs herein, unless otherwise instructed in writing, by the sentencing/supervising judge.

1. Probationers will be seen face-to-face once a month. The probation officer will conduct all monthly appointments in a designated court facility.

2. The monthly scheduled probation appointment may be rescheduled if the probationer personally contacts the sentencing/supervising judge's assigned probation officer on or before the date of that monthly appointment. During the probation term, there may be no more than two rescheduled appointments.

3. Probation officers will keep dated chronological notes outlining the work they perform with probationers on behalf of the sentencing/supervising judge. At each face-to face monthly appointment, the probation officer will ask the probationer his/her current residence address and record the response in the chronological notes. The sentencing/supervising judge will be notified of any change in residence address.

4. The probation officer will check the District Court Criminal Information System (DISCIS), to determine if there are any new violation(s) of the law or issuance of warrants during each face-to-face monthly appointment with the probationer and also prior to notifying the sentencing/supervising judge that the court consider review, revocation or termination of the court's supervision of the probationer.

5. If, during a face-to-face monthly appointment, the probation officer determines, through a DISCIS search as outlined in Section Four (4) above, that the probationer has an outstanding warrant, the probation officer will advise King County Police assigned to court security at the designated court facility. No further action is required. The probation officer will make no effort to arrest the probationer, as there is no arrest power vested with King County District Court probation officers.

6. The probation officer will confirm through the probationer enrollment and attendance with any treatment agency, community service and/or other program as ordered by the sentencing/supervising judge at each face-to-face monthly appointment, beginning at the second face-to-face monthly appointment.

7. If the probationer is ordered by the sentencing /supervising judge to participate in treatment services, any alcohol/drug use probation conditions, and attendance at alcohol/drug use support group meetings, will be monitored by the treatment agency providing the treatment services and not by the probation officer. A treatment agency will be required to report to the assigned probation officer in writing, once a month, concerning the probationer's progress and/or non-compliance with treatment program(s). If the treatment agency fails to send the monthly report, the probation officer will follow up by contacting that agency. Any treatment non-compliance alleged by the treatment agency will be reported to the sentencing/supervising judge. There may be more than one treatment agency providing treatment services to the probationer.

8. Probation officers will ask the probationer if he/she has consumed alcohol during each face-to-face monthly appointment. If, at a monthly appointment, the probation officer believes that the probationer has recently consumed alcohol, a Portable Breath Test (PBT) will be administered, if available, and the results thereof will be reported to the sentencing/supervising judge and King County Police assigned to court security. No other alcohol test is required. If the probation officer believes that the probationer has recently used any non-prescribed drug(s) or has abused any prescribed drug(s), the probation officer will notify the probationer's chemical treatment provider, if any, the sentencing/supervising judge, and court police security.

9. Where the probationer is not in treatment with a drug or alcohol treatment agency, but required by the sentencing/supervising judge to attend self-help support group meetings, the probationer will present to the probation officer written proof of self-help support group attendance at each face-to-face monthly appointment. That written proof will be placed in the probationer's probation file.

10. The probation officer will confirm that any court ordered restitution has been paid no later than the deadline and in the amount set by the sentencing/supervising judge.

11. King County District Court probation officers shall not independently investigate the conduct of a probationer beyond the authority delegated by these monitoring standards without written instruction from the sentencing/supervising judge. Any probation officer will, however, notify the probationer's sentencing/supervising judge of all oral or written reports actually received by that probation officer that the probationer has violated condition(s) of probation or that a felony warrant is outstanding. Notification to the sentencing/supervising judge will occur within seven (7) days of actual receipt of such information.

12. Supervised probation is automatically terminated for the probationer whenever a King County District Court warrant is or has been issued for the arrest of that probationer.

13. Any probation non-compliance revealed through use of these monitoring standards and such additional standards, if any, set in writing by the probationer's sentencing/supervising judge, shall be reported in writing to the sentencing/supervising judge within seven (7) days of actual discovery of the non-compliance. Supervised probation is automatically terminated within seven (7) days of the probation officer sending written notice of non-compliance to the sentencing/supervising judge, unless the sentencing/supervising judge sends written notice that supervised probation should not be terminated. The probation officer may make written recommendations to the sentencing/supervising judge with any delivery of non-compliance to the sentencing/supervising judge.

14. Probation officers will not review or interpret Ignition Interlock Reports.

15. In judge supervised probation of domestic violence probationers, the probation officer will mail to the victim's last known mailing address notice advising he/she of the probation officer's name, phone number and availability.

16. The existing King County District Court, Division of Probation Policy Manual (POL-201 through POL-820) is rescinded.

RE: Establishment of East Division Civil Court and Proper Filing Venue

The King County East Division has established a civil court located in the Issaquah Courthouse. Both Civil and Small Claim venue will be affected as outlined below.

Civil Filing
Civil Summons and Complaints (non collection cases) arising in the East Division (Shoreline, Redmond, Bellevue and Issaquah) after September 1, 2003, must be filed in the Issaquah Courthouse. All hearings including trial will be held in Issaquah.

GAO 03-91, attached, governs collection cases.

Small Claim Filing and Trial
Beginning September 1, 2003, small claims may be filed in the Shoreline, Redmond, Bellevue or Issaquah Courthouses. Those filed in Shoreline will be tried in Shoreline. Those filed in Redmond, Bellevue and Issaquah will be transferred for trial in Issaquah.

FINDINGS:

1. The King County District Court Executive Committee on February 28, 2003 unanimously passed a proposal to stop using the Finance and Business Operations Division (FBOD) to collect probation fees. When the FBOD was first used by the Court, they did not charge for their service. However, since 2000 the cost of their service had risen 303% (from zero to $738,000) for billing probation fees and collecting District Court delinquent accounts.
2. As of July 1, 2003 no new Probation fees were sent to FBOD.
3. As of October 1, 2003 final billing on existing cases was made by FBOD.
4. As of January 1, 2004 no monies are received by FBOD on behalf of District Court.
5. As part of the transfer of cases from FBOD back to District Court, five reports were provided to District Court:
   a. DC Collection Accounts
   b. DC Coll Accts 1
   c. DC Billing Accounts
   d. DC Closed Accounts
   e. DC Limbo Accounts
6. After processing the DC Coll Accts 1 report, it was then compared to a list of all District Court Probation accounts currently in collection with Alliance One. Review of the report reflected the cases listed below as "not in collection."
7. Due to the age of the accounts, the court will write off the outstanding balance due on the cases listed. This request is based on:
   a. State Auditor's Exit Conference dated September 11, 2002. ". . We believe the difficulty has been increased by the sheer volume of stale accounts held in the department's accounts receivable. We recommend the procedure for write off and analysis of accounts be improved."
   b. King County Auditor's Office Special Study District Court Revenues September 20, 2002 (page 12) "The chance of collecting receivables diminishes as they age. The FBOD estimates that only about 3.5% to 14% of the accounts which are more than one year old are collectible."
8. A docket entry will be made on each of the cases reflecting probation fees had been assigned by FBOD for collection. The entry will include: Balance due, date each account was assigned by FBOD to SCA Credit for collection, and that the accounts were not transferred by SCA to AllianceOne.

GENERAL ADMINISTRATIVE ORDER:

Effective October 1, 2004 all accounts listed in this order are written off as uncollectible.

ADOPTED by action of the Judges of the King County District Court meeting this 28th day of September, 2004,

Signed this 28th day of September 2004

Corrina D. Harn, Chief Presiding Judge
King County District Court
