preserve open space

For generations, families have made King County's parks and open spaces their big backyards. The lush forests and diverse parks in the area make it an exceptional place to live, work, play, and raise a family.

The King County Parks Legacy Fund preserves and expands parks and open spaces—places like Cougar Mountain Regional Wildland Park and Marymoor Park—thus keeping them vibrant, healthy, and accessible for future generations.

Individuals making a donation to the Legacy Fund leave a real, lasting legacy, and their donations are used solely for maintain and improving King County Parks. To learn all the ways you can donate, please visit www.metrokc.gov/parks/partners/donate.html and Leave a Legacy for our future.
